

## ENVIRONMENTAL AND HISTORICAL REVIEW

This statement applies to all of my farm or ranch operation properties or to \_\_\_\_\_ of \_\_\_\_\_ parcels only.  
(If not all parcels, complete for each parcel)

Name or description of parcel(s):

---

Owner or applicant:

---

### A. REGULATORY COMPLIANCE:

Is your farm operation subject to or permitted for operation under any of the following regulatory requirements:

- Permitted by county/state officials to receive solid, low hazard wastes, categorized as special, declassified, statutory exempt, etc.
- Subject to federal mining or mining reclamation permit?
- Permitted for a National Pollution discharge Elimination System under the National Clean Water Act allowing discharge of pollutants into the water of the United States?
- Subject to Environmental Protection Agency identification number for hazardous waste disposal or currently hold a state or federal permit for operating a hazardous substance treatment storage and disposal facility?
- Permit to discharge gases or particles into the air, other than burning or dust?
- Subject to a contingency plan with local, state or federal agencies that can be carried out in the event of fire, explosion, or other release of a hazardous waste that poses a threat to human health or the environment?
- Permitted by state or federal agency to treat sewage or waste water?
- Subject to a special use authorization or other zoning for a non-agricultural use on farm or real estate?
- Subject to completion of Material Safety Data Sheets on chemicals used on the property?
- Subject to regulation on handling of hazardous material or mixtures containing hazardous material that require compliance with community right to know requirements?
- Subject to any environmental permits that are not up-to-date, not in order or not reflective of current operation and facilities?
- Subject to any public agency investigations, citations, or enforcement actions under environmental health or safety regulations?
- Within one mile of a known hazardous waste disposal site or listed state or federal superfund site?
- Subject to any pending lawsuits or proceedings for hazardous materials or environmental concerns?

Circle: YES or NO (Check box above if regulation applies and provide details on page 3 for any YES answers)

### B. PESTICIDE APPLICATION AND USE:

If you use pesticides on your real estate or in your farm operation do you comply with applicator requirements on restricted use pesticides by using only licensed commercial applicators or by complying with licensing and application requirements on your own?

Circle: YES or NO (explain on page 3)

Are you aware of any banned pesticides or their residue on your property?

Circle: YES (explain on page 3) or NO

Have you ever been cited for violation of pesticide regulations?

Circle: YES (explain on page 3) or NO

**C. STORAGE AND DISPOSAL:**

Have any of the following items been stored or disposed of on your property?

- |   |  |
|---|--|
| <input type="checkbox"/> Petroleum products or their containers | <input type="checkbox"/> Creosote or other wood preservatives              |
| <input type="checkbox"/> Asbestos                               | <input type="checkbox"/> Paints, solvents, or degreasers                   |
| <input type="checkbox"/> Electrical transformers                | <input type="checkbox"/> Garbage or refuse                                 |
| <input type="checkbox"/> Chemical waste or waste water          | <input type="checkbox"/> Animal waste or sludge (exclude land application) |
| <input type="checkbox"/> Agricultural chemicals                 | <input type="checkbox"/> Batteries   |
| <input type="checkbox"/> Fill dirt                              |  |

Circle: YES (explain on page 3) or NO
